CONGRATULATIONS GRADUAT

A BLESSING

Students,
To thine own self be true.
May you grow and love.
May you relate with the young and the old.
May you learn from your culture and your school.
May you revel in your present, but prepare for your future.
May you counter adversity, and embrace good fortune.
If you do this, then you will be the good citizens and
The self fulfilled individuals our society needs.

We're ending our years at North
Quincy High
Looking back, the time just flew
right by
For more than just work went on
inside these walls
Many wonderful friendships
were made in these halls
We've had dances and friends
and the Turkey Day Game
And fondly remembered faces
and names
We've had teachers we've learned
from who really cared
And with other students, so
much have we shared.
The class of nineteen
eighty-three
Will leave many happy
memories
As we gladly begin our brand-
new starts
We'll have warmth from North's
friendships etched in our
hearts.

Boys Soccer
a season to remember

The NQHS 1982 Boys Soccer Team, coached by fifth year Coach Paul Bregoli, finished the season with a 9-4-4 record. It was North's best record in six years. This record included wins over perennial Suburban League powers Brockton and Waltham. After finishing with two wins, two seasons ago and five wins last season, this year's squad brought the soccer program back to where it should be. The Raiders' road to success was a team effort led by fourteen seniors. This success was helped greatly by the leadership of Tri-Captains Alex Coutts, Greg DiBella, and Peter McGillicuddy. The team missed the state tournament by only two points. Falling short of the tournament did not take away from the excellent season they had. For the 1982 NQHS Boys Soccer Team, it was truly a season to remember.

In the past few years
We have all grown and changed.
We are the same persons we were before
and yet,
Because of the many new roads
That high school has led us on,
We are different.
We have grown by allowing ourselves
To know new people
And share their interests.
We have all changed, grown, and
expanded.
We have all touched each other's lives
If only in obscure ways.
We are better people because of the many
Friendships, new experiences, and group
activities
That we have become involved in
Over the past few years of our lives.
These years have helped to make us
Stronger, freer, and happier individuals.
